

my work

How to install the XML files

TUTORIAL

1st step

The screenshot shows the 'my work' platform interface. The left sidebar contains a navigation menu with the following items: TABLEAU DE BORD, SUPPORT, YOUR LICENSES, DOCUMENTATIONS, DOCUMENTATIONS (with a question mark), VIRTUAL PRINTER (with a question mark), HOW TO ORDER (with a question mark), HOW TO INSTALL (with a question mark), XML FILES (with a question mark), ADMINISTRATION, TITREUL (with a dropdown arrow), GESTION DES, and UTILISATEURS. The main content area displays a message: 'Votre offre actuelle expire dans 96 Jours' (Your current offer expires in 96 days). Below this, it lists the current product 'Virtual Printer Start', the expiration date '2020-05-24 00:00:00', and the remaining electronic signature balance '29'. A section titled 'Que désirez-vous réaliser comme action ?' (What action do you want to perform?) offers four options: 'Convertir en Word, Excel, Powerpoint' (Convert to Word, Excel, Powerpoint), 'Convertir en fichier Audio (MP3)' (Convert to Audio file (MP3)), 'Traduire en 42 langues' (Translate into 42 languages), and 'Faire signer un document' (Sign a document). Below this is a 'Recapitulatif des taches effectuées' (Summary of tasks performed) section with a 'Rafraichir' (Refresh) button. The table below lists the tasks:

ID	STATUT	NOM DU FICHIER	DÉTAILS	CRÉATION	FIN	RÉSULTAT	ACTION(S)
573	DONE	us_en_productivity_tools.pdf	Action #3: MYFILES Details: es smtp_toemail->matthieu@myworkplatform.net GEDshare->YES GEDretention->10	2020-07-06 15:10:45			Download

- 1) On your platform, click on Documentation in the left column
- 2) Then, click on XML files

2nd step

A red arrow points to the 'Create' button.

- 1) You'll see that all the datas of the xml files has been loaded.
- 2) You just have to click on « create » to upload the application on your MFP.

7th step

Your application is now available on your MFP.

8th step

First application start:

- You are asked to enter an email address
 - This address must be the one of a user created on the client entity where you have installed the MFP.
- Once the email address has been entered, you will no longer be asked for it and you can now use all MyWork applications.
